

## PETROL INVERTER GENERATOR 3800W

<b>Model No:</b>	FG4500iSE
<b>EAN:</b>	0814726027421
<b>Continuous KW:</b>	3.50 kw
<b>Maximum KW:</b>	3.80 kw
<b>Noise Level at 7m:</b>	63 dB(A)
<b>Warranty:</b>	3 Year Domestic

### Description

The Ford FG4500iSE is the perfect generator to cover most domestic requirements along with providing power whilst camping or in a caravan away from a mains supplied site.

Boasting a large 3.8kW maximum output, the generator is ideal to take on sensitive work while allowing heavier equipment to be run off it simultaneously. Coupled with two 13 Amp, 230V domestic sockets, you can safely run multiple appliances without the worry of overloading and tripping out.

### Features

- ECO mode for lower fuel consumption and noise level.
- Sine wave output with a THD of <3%.
- Built in retractable handle and wheel kit for easy moving over flat ground.
- One push, electric start button.
- Low oil and overload warning light and automatic shutdown.
- 12V, 8A DC socket for battery charging.

### Specifications

<b>Fuel Type:</b>	Petrol
<b>Fuel Capacity:</b>	12 Litres
<b>Run Time At 50% Load:</b>	11 Hours
<b>Starting Method:</b>	Electric / Recoil
<b>Dimensions (WxHxL):</b>	470 x 530 x 640mm
<b>Outlets:</b>	2 x 230V 13A Outlet, 1 x 12V DC 8A, 1 x 5V DC 1.5A USB, Charging Facility
<b>Engine Type:</b>	Single Cylinder, 4-Stroke, Forced Air Cooling, OHV
<b>Engine Size:</b>	224cc
<b>Weight:</b>	47.00 kg
<b>Voltage:</b>	230V
<b>Frequency:</b>	50Hz
<b>AVR:</b>	No
<b>ATS:</b>	No
<b>Pure Sine Wave:</b>	Yes
<b>Type:</b>	Inverter Generator
